HORNET DRILL

The **Hornet Drill** from MBW is an **ergonomic, pneumatically operated utility drill** designed with operator safety and comfort in mind. Available in both a 30 lb and 50 lb hammer version.

PRECISION DRILL GUIDE

FEATURES

- **Vibration isolators** that protects the operator from drill vibrations and reduce fatigue.
- **Best-in-class ergonomics** and drilling efficiency
- **Drill guide** removes the need for the operator to guide the drill bit into position using their feet - improving safety and accuracy.

The Hornet is capable of drilling through a variety of materials including concrete, asphalt, brick and dirt. Configurations include various drill bit sizes, including 24/22", 30/27" and 36/40".
